EXPERIENCE

Chabad Almaden, San Jose CA — Unpaid Security Guard

MONTH 20XX - PRESENT

I was in charge of locking and unlocking the doors of the Chabad house and Synagogue, keeping an eye on workers and making sure the building was clear before locking the doors for the night

Chabad Almaden, San Jose, CA— Volunteer worker and holiday & event organizer

MONTH 20XX - MONTH 20XX

This part was dual functioning, I both would help move furniture and construction material and organize the Synagogue for events, like holidays, Jewish life cycle events and Jewish summer camp, in addition to preparing food/catering/cooking for anywhere from 10 - 200+ people.

Boy Scouts of America, Hixon, TN— Troop bugler

MONTH 20XX - MONTH 20XX

I was a Troop Bugler, and have experience playing the trumpet. I know a few songs, and have an all consuming urge to learn more

Boy Scouts of America, Hixon, TN— Troop patrol leader

MONTH 20XX - MONTH 20XX

I was a Troop patrol leader, of the 'Big pony Patrol'. My job was organizing the Scouts in my Patrol, the parents, and assigning instruction for necessary activities, such as when and where to meet, necessary equipment and supplies for multi-day outings, including nutritional food for a group in accurate portions. I was also in charge of organization of the Patrol, in addition to providing crucial servant leadership to the members of the patrol and younger Scouts in the Troop, both on outings and back at home.

Boy Scouts of America, Hixon, TN— Troop Webmaster

MONTH 20XX - MONTH 20XX

My responsibilities were not only creating the Troop's first website from scratch, architecting and deploying the entire website and having a deep knowledge of how coding languages such as HTML, CSS and to an extent JS work, plus the services associated with running them, but also being in charge of collecting and recording the appropriate Troop meeting and outing information, making both the Scout's and parent's jobs easier. In addition to all of this, I was also in charge of the Troop's social media presence, being an active member of the Troop facebook page and reminding parents and Scouts alike of important events and giving congratulations on behalf of the Troop to individual Scouts for their

SKILLS

Deep servant leadership.

Skill in Web design.

Deep experience with HTML, CSS and JS.

Pioneering, including a deep knowledge of knots and lashings.

Camping.

Event organization.

Food preparation for large crowds and small functions.

Patrol leader

achievements.

EDUCATION

Homeschooled — 2020 - present

MONTH 20XX - MONTH 20XX

Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed diam.

PROJECTS

2025 Cross continental road trip — *Independent*

Late 2025 marked the time of a large-scale trip cross country. Because my family does not like to fly, we decided to drive from San Jose California, to Washington DC. I was given the task of planning this monumental trip. I planned a route, planned stops including the many stops from our favorite places and destinations in the country, lodging and scenic routes. Overall the trip took about one month, with extended stays along the way.

Lag Ba'omer 2025 — *The Jewish holiday of Lag Ba'omer, by Chabad Almaden in Almaden Vineyard park*

Lag Ba'omer was a joyous holiday, one which I played a role in executing, bringing equipment and helping to prepare food for an event hosting upwards of 200 people. We stayed for several hours until sunset, eventually helping to clean up and bring equipment back to the Chabad house.

Passover 2025 — *The Jewish holiday of Passover at Chabad Almaden*

Passover 2025 I played a major role in the set up of the Chabad center for the holiday. In addition to arranging the room for 120 people for 2 consecutive days, I also helped to package Matzah for the community, which we would give to drivers who came by and would then in turn distribute them out to some of the wider Jewish community of San Jose, about 2,000 families at the time. In addition to that, I also oversaw the cleaning and clearing of the building on both days of Passover, eventually being the last person out of the building, as was my responsibility, locking up for the night.

2024 River raft race — *A race down river*

A river raft race, which required that we make a raft out of bamboo large enough to support a patrol. Being the Patrol leader, I came up with an engineering schematic detailing the raft's proportions, all of the lashings and knots to be used for joining the appropriate parts of the raft, and making sure my design was stable and reinforced. I designed the raft for upwards of 7 Scouts, all of the members of my patrol who would be coming on this trip (all of whom I had to account for). I organized the construction and taught all applicable skills to my Patrol members and any Scouts who wanted to help. I then assigned boat positions to my Scouts, and we set off on the rapids of the river.
